

Roll Down Shutters

Engineered to be the very best, MaestroShield End Retention Roll Down Shutters are designed for strength and beauty. Our strength has been rigorously tested/certified, and span industry leading lengths up to 262" and heights of up to 350".

Our beauty is in the versatility of our system which offers the choice of venting slats in multiple colors, as well as a wide array of motors and electronics that will seamlessly integrate your system providing comfort, convenience, and unparalleled protection against storms and intruders.

Features:

MaestroShield offers the only impact-rated hood assembly in today's market. End Retention and Non-End Retention Systems provide an additional level of protection and security against intrusions, as well as high wind speeds, wind-born debris and ultra-violet solar radiation.

Recommended for doors, windows, porches, lanai's, balconies, portico's and store fronts with available standard sizes up to 262" wide and 360" tall.
