

Enhance your Lifestyle!

When making an outdoor living space decision, you want to make sure you are receiving all the conveniences you desire in one product. A TCI Motorized Screen will provide you with a modern and sophisticated home décor, while turning your patio into a center piece of the home. In a matter of seconds, you and the family will be able to enjoy a relaxing evening doing the finer things in life from the comfort of your own home.

Built Around Your Needs

No matter what your needs are, when you purchase a TCI Motorized Screen, you have the piece of mind knowing we have the necessary components to satisfy them. Our system allows you, the homeowner, to completely customize each individual unit based on your LIFESTYLE.

From electronics to fabric density and color, to the frame color to remote controls, you will have the ability to adapt each screen to fit your home.

Expanded Outdoor Living Space

It's no secret all of us wish to utilize our outdoor living space more often and effectively. By choosing a motorized exterior screen, you are making a lifestyle decision. Our TCI Motorized Screen will immediately increase the size of your family's living space while keeping the bugs out during the warmer months, allowing the breeze through during the cooler ones, as well as blocking harmful UV Rays. With the click of a button, you can now move your dinner outside with a breezy bug-free environment.

Questions to Answer:

- Which frame color do I want?
- Which bottom bar color do I want?
- What color and density screen would work best for my home?
- How would I like my unit mounted?
- Which electronic configuration would make operating my units easiest?

Electronics

The TCI Motorized Screen electronics will put the beauty of your outdoor screen into motion. Designed by Swedish and American engineers, these industry leading components are the perfect marriage of power, precision and integration. Our state of the art electronics support low data rates, low power consumption, security and reliability. With a multitude of programming options, you have the convenience of total control and the quality assurance, technical support, and innovation that is the cornerstone of every product we offer. Our motors and electronics are innovation at its best. With multiple configurations available, the agility of our motors and electronics puts them in a class of their own.
