

## Easy, elegant upgrade.

Create an outdoor haven, anywhere. K-BANA combines the roof options of our pergola systems with an award-winning modular design you can combine and install anywhere for a custom feel:

K-BANA's manual louvers let you customize the light, while integrated gutters keep drainage out of sight. Available in three standard sizes that can be mixed for endless possibilities, K-BANA is perfect for any home or business.

Plus, the integrated floor frame allows you to easily install any personalized finished flooring.
